FILE PLAN

3.15****ENFORCEMENT CONFIDENTIAL****

March 29, 1989; 9:34 am - I called Sue Kennedy re the E&E site visit to Rich Flat. She had recently spoken with the E&E crew in Utah and they will need Sat to work on Bennett Paint. She and I decided to set the RFlat site visit for Monday, April 3 at 1 pm. I will likely attend and act as spokesman to divert UPCM questions from the crew (Kevin Mackey and Annette Sackman) and allow them to accomplish the field work without interruption or people looking over their shoulder.

I will call Ed Osika with this proposal.
